Burpee's Bulbs

FALL 1922

W. Atlee Burpee Co.

Burpee Buildings Philadelphia

TO OUR FRIENDS, OUR CUSTOMERS:

Spring is heralded as the most glorious of the four seasons. All of us look forward to her balmy days, and winter with its beauty has no charm compared with the lure of Spring.

The song of birds, the bursting of swollen buds, the turning green of the grass, and the opening of the first spring flowers are an inspiration to us and fill us with happiness.

We can hardly wait for the little Crocus to open their bright flowers. Soon afterward the Tulips give us a gorgeous display of riotous colors, and Narcissus and Hyacinths fill the air with their sweet perfume.

But Spring does not compel us to wait for her. Following her ways we can enjoy her messengers right in the midst of winter when all outdoors is covered with a soft blanket of snow. We can have Crocus, Hyacinths, Tulips, and Narcissus in full bloom in a sunny window with but little attention.

CROCUS

Only a little Crocus! but it comes as a welcome messenger, carrying the glad news that Miss Springtime has arrived. Just one today, another one tomorrow, and a few days later hundreds and thousands of them. They cover the ground more beautifully than the finest Persian rug. There is a place everywhere for a few Crocus. During the winter-time they are grown in shallow pans and give a continuous display of bright colors. Hardly any other flower is so well adapted for naturalizing in the lawn or the meadow as the Crocus. The graceful form of the bright flowers, when they bashfully lift their heads just as if to peep and see if any one else is out yet, makes the Crocus one of the loveliest of all spring flowers. Be sure to order some Crocus this year for naturalizing in your lawn. They bloom long before the grass is ready for cutting and have died down to the bulbs before the first mowing, to come up again early the next year.

9504 Baron Brunow A very fine deep purple. The best one in this color. The flowers are of largest size. 6 for 15 cts.; 12 for 25 cts.; 100 for \$1.60; 1000 for \$14.00, delivered.

9508 Distinction This is a very distinctive shade of rosy purple. The flowers are large and of fine form. 6 for 15 cts.; 12 for 25 cts.; 100 for \$1.60; 1000 for \$14.00, delivered.

9515 Golden Yellow A particularly fine variety with intense golden yellow flowers of large size and fine shape. The most outstanding yellow. In mass-planting Golden Yellow gives a particularly fine effect, and there is none better for winter-blooming in pots. 6 for 20 cts.; 12 for 35 cts.; 100 for \$2.00; 1000 for \$18.00, delivered.

9521 Kathleen Parlow Purest white, with attractive large orange anthers. The texture of the petals is white and wax-like, and forms a sharp contrast against the rich green foliage. 6 for 20 cts.; 12 for 35 cts.; 100 for \$2.00; 1000 for \$18.00, delivered.

9533 Sir Walter Scott White, striped with pale lilac. It is the delicate combination of the soft lilac upon the waxy white which accounts for its popularity. 6 for 15 cts.; 12 for 25 cts.; 100 for \$1.60; 1000 for \$14.00, delivered.

9542 Fine Mixed Crocus A magnificent and complete mixture of all the finest Crocus, including all the five colors listed above. Plant them in masses of a hundred and more in the lawn. 6 for 12 cts.; 12 for 20 cts.; 50 for 65 cts.; 100 for \$1.20; 500 for \$5.50; 1000 for \$10.00, delivered.

9877 Crocus Collection

This collection will make a nice little planting of Crocus. We will mail post-paid to any address twelve bulbs each of the five named varieties of Crocus listed above (60 bulbs in all) for **\$1.00**

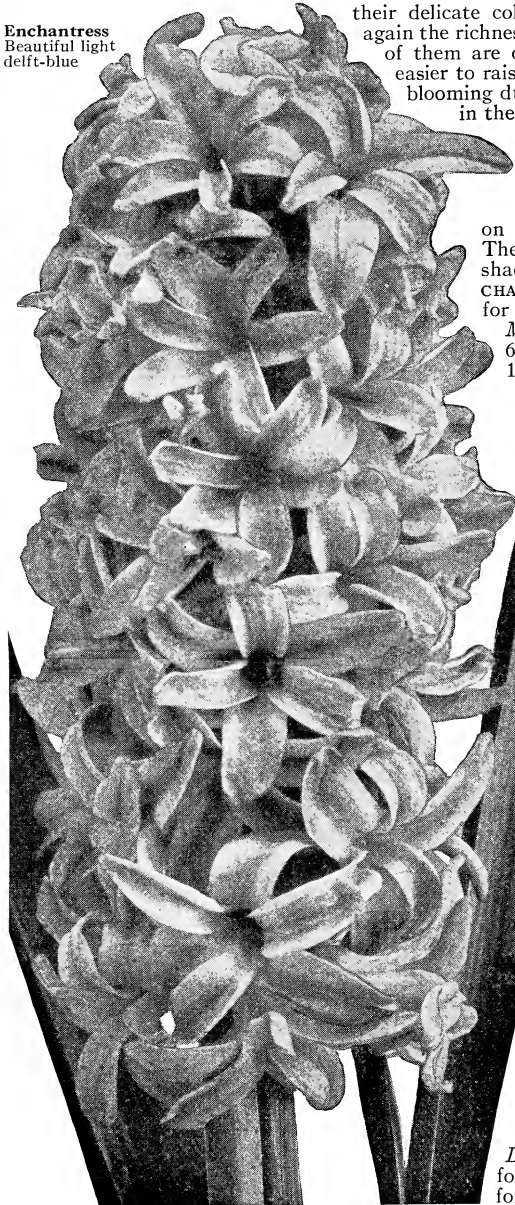

Golden Yellow

HYACINTHS

The flower that makes everyone think of Holland, with its canals and quaint old windmills. The growing and handling of Hyacinths and other "Dutch Bulbs" have been termed the business of Holland and, in fact, the world's supply of these is raised in The Netherlands. We are all acquainted with the beautiful long spikes set closely with the individual sweet-scented flowers. The snow-like texture of the blooms and their delicate colorings go well together. In others again the richness of the color carries life and joy. All of them are daintily perfumed. There is no bulb easier to raise than the Hyacinth, be it for indoor blooming during the winter, or for making a bed in the open.

Enchantress
Beautiful light
delft-blue

9004 Enchantress One of the most lovely of all Hyacinths, with long and attractive flower spikes.

The individual bells are closely set on the stem, completely covering it. They are of a beautiful light delft-blue, shaded with a somewhat deeper blue. ENCHANTRESS is an early bloomer, valuable for bedding and fine for forcing in pots.

Mammoth size for forcing: 20 cts. each; 6 for \$1.10; 12 for \$2.10; 50 for \$7.80; 100 for \$15.00, delivered.

Large size for bedding: 15 cts. each; 6 for 85 cts.; 12 for \$1.60; 50 for \$6.20; 100 for \$12.00, delivered.

9009 King of the Blues

KING OF THE BLUES out-classes all other deep blue varieties on account of its purity and richness of color. The individual flower spikes are long and they are fully set with large bells of a rich dark blue color. KING OF THE BLUES is a very good late forcing variety and also makes a fine show in the flower-bed. *Mammoth size for forcing:* 20 cts. each; 6 for \$1.10; 12 for \$2.10; 50 for \$7.80; 100 for \$15.00, delivered.

Large size for bedding: 15 cts. each; 6 for 85 cts.; 12 for \$1.60; 50 for \$6.20; 100 for \$12.00, delivered.

9014 Lady Derby

Those who prefer rich pink shades will be delighted with this wonderful fine Hyacinth. The flower spikes are strong and long and they are closely set with large bells of a beautiful clear rose-pink. Grown in the open as a bedding variety, it is simply beautiful, but it is also easily forced, making fine pot-plants. *Mammoth size for forcing:* 20 cts. each; 6 for \$1.10; 12 for \$2.10; 50 for \$7.80; 100 for \$15.00, delivered.

Large size for bedding: 15 cts. each; 6 for 85 cts.; 12 for \$1.60; 50 for \$6.20; 100 for \$12.00, delivered.

L'Innocence

9019 La Victoire LA VICTOIRE is one of the earliest of all Hyacinths to come into bloom. It is an excellent bedding variety, with long stems, staying in full bloom for an exceptionally long time. The stems are not only long but unusually solid, so that the flowers will stand up well even under adverse weather conditions. The color of the flowers grown outdoors is a brilliant scarlet. When grown under glass it is somewhat lighter. LA VICTOIRE is extensively used as a pot-plant, as it forces very easily. *Mammoth size for forcing:* 20 cts. each; 6 for \$1.10; 12 for \$2.10; 50 for \$7.80; 100 for \$15.00, delivered. *Large size for bedding:* 15 cts. each; 6 for 85 cts.; 12 for \$1.60; 50 for \$6.20; 100 for \$12.00, delivered.

9023 L'Innocence The demand for a really pure white Hyacinth has always been very strong and, in our opinion, L'INNOCENCE is really the best of all white Hyacinths for all purposes. It is an extra-early variety, bearing long spikes which are closely set with magnificent white bells. Grown in beds it makes a beautiful display, but it is also used extensively for growing in pots or in water for winter blooming.

Mammoth size for forcing: 20 cts. each; 6 for \$1.10; 12 for \$2.10; 50 for \$7.80; 100 for \$15.00, delivered. *Large size for bedding:* 15 cts. each; 6 for 85 cts.; 12 for \$1.60; 50 for \$6.20; 100 for \$12.00, delivered.

is the best of all yellows for indoor growing. It is easily forced and forms large compact spikes, well set with rich creamy yellow bells. The individual flowers are so closely set together that hardly any of the flower stem can be seen. YELLOW HAMMER blooms early and is a very satisfactory variety.

Mammoth size for forcing: 20 cts. each; 6 for \$1.10; 12 for \$2.10; 50 for \$7.80; 100 for \$15.00, delivered. *Large size for bedding:* 15 cts. each; 6 for 85 cts.; 12 for \$1.60; 50 for \$6.20; 100 for \$12.00, delivered.

9036 Fine Mixed Hyacinths for Bedding Many of our customers like the appearance of mixed beds of Hyacinths, and we recommend this special mixture for their purpose. It contains all of the finest varieties for bedding, including the six varieties listed and also many other worthwhile varieties. 6 for 60 cts.; 12 for \$1.10; 50 for \$4.15; 100 for \$8.00; 500 for \$37.50; 1000 for \$70.00, delivered.

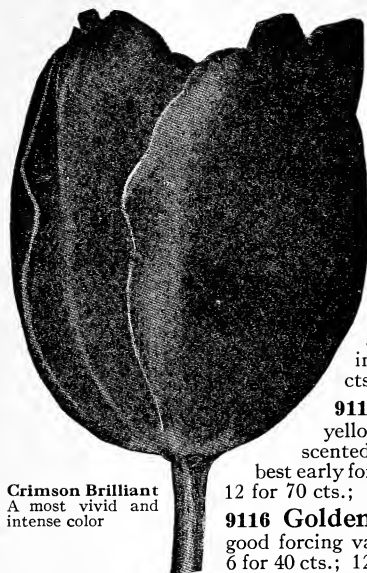

9882 *Collection of Hyacinths*

We are sure that this collection will be very popular with our many friends who delight in growing Hyacinths for winter blooming in the house. It contains one Mammoth size bulb each of the six varieties listed on these two pages. Purchased separately it would cost \$1.40. Mailed to any address, postpaid, for **\$1.00**

Yellow Hammer—Rich creamy yellow

EARLY SINGLE TULIPS

Crimson Brilliant
A most vivid and
intense color

These are the first Tulips to come in bloom early in spring, and may be had in a magnificent assortment of bright colors. They are also greatly appreciated as winter bloomers, as they can be forced quite easily in any dwelling, and do not require a greenhouse. Ask for the Burpee Leaflet, "**Bulbs for Winter and Spring Blooming**," telling you how to succeed with them. It will be mailed to you free if you ask for it.

9105 Cardinal Large, velvety crimson-cardinal flowers with yellow in the center and shaded plum on the outside. Useful for forcing and also valuable for bedding. 3 for 22 cts.; 6 for 35 cts.; 12 for 65 cts.; 50 for \$2.30; 100 for \$4.25, delivered.

9109 Crimson Brilliant Rich glowing scarlet flowers with yellow center. Grows 14 inches high and looks very well in massive beds. An excellent forcing variety. 3 for 18 cts.; 6 for 30 cts.; 12 for 55 cts.; 50 for \$1.95; 100 for \$3.50, delivered.

9114 Fire Prince A most fiery orange-scarlet with yellow base. The large and showy blooms are sweet-scented. Well-grown plants are 15 inches high. One of the best early forcing varieties in existence. 3 for 22 cts.; 6 for 40 cts.; 12 for 70 cts.; 50 for \$2.40; 100 for \$4.50, delivered.

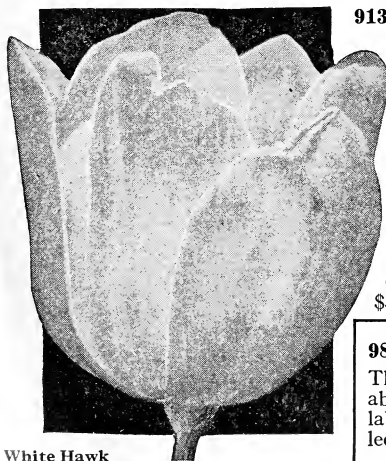

9116 Golden Queen Beautiful deep golden yellow flowers. A good forcing variety, growing almost 15 inches tall. 3 for 22 cts.; 6 for 40 cts.; 12 for 70 cts.; 50 for \$2.40; 100 for \$4.50, delivered.

9120 Keizerskroon Vivid crimson-scarlet, broadly edged with rich golden yellow. Huge flowers on long, strong stems; 16 inches tall. Well adapted for early or late forcing. 3 for 18 cts.; 6 for 35 cts.; 12 for 60 cts.; 50 for \$2.20; 100 for \$4.00, delivered.

9127 Queen of Violets (President Lincoln) Rosy purple, edged white. Magnificent large flowers, most graceful and showy. An excellent bedding variety; 12 inches high. 3 for 22 cts.; 6 for 40 cts.; 12 for 70 cts.; 50 for \$2.40; 100 for \$4.50, delivered.

9131 Rose Luisante A fine satiny rose. Forces quite easily and does well in the open ground. 3 for 25 cts.; 6 for 45 cts.; 12 for 80 cts.; 50 for \$2.75; 100 for \$5.00, delivered.

9133 Thomas Moore Clear terra-cotta overlaid with a delicate rosy sheen, and shaded old gold on the edges. Sweet scented, and fine for early forcing; 15 inches high. 3 for 18 cts.; 6 for 30 cts.; 12 for 55 cts.; 50 for \$1.95; 100 for \$3.50, delivered.

White Hawk

9136 White Hawk A pretty white, with globular flowers of a waxy substance and crinkled petals. One of the best for forcing. Grows 13 inches high. 3 for 25 cts.; 6 for 45 cts.; 12 for 80 cts.; 50 for \$2.75; 100 for \$5.00, delivered.

9139 Yellow Prince A very fine yellow, sometimes streaked with dull orange and terra-cotta. 3 for 18 cts.; 6 for 35 cts.; 12 for 60 cts.; 50 for \$2.10; 100 for \$3.75, delivered.

9145 Finest Mixed Early Single Tulips A grand mixture, containing all the above and many other first-class varieties. 3 for 12 cts.; 6 for 25 cts.; 12 for 45 cts.; 50 for \$1.65; 100 for \$3.00; 500 for \$14.50; 1000 for \$27.50, delivered.

9893 Collection of Early Single Tulips

This collection contains three bulbs each of the above ten named varieties. Each variety is distinctly labeled with its correct name. The collection (30 bulbs in all) will be delivered for **\$1.50**

DARWIN TULIPS

Darwin Tulips are probably the most generally used of all bedding Tulips. For forcing they are unsurpassed on account of their strong growth and large-sized flowers. Grown in the open, the bulbs begin to bloom early in May and continue for an unusually long season. The deep green foliage and the upright strong stems lend a dignity which goes well with the very large flowers. They do as well in the South as in the North.

9150 Baron de la Tonnaye Large flowers of bright rose, margined blush-rose. A strong bedding variety and excellent for forcing. 25 inches high.

9154 Clara Butt A clear pink, tinted salmon-rose, with deep blue base and white halo. Most popular for forcing and for outdoor culture. 21 inches high.

9156 Dream A beautiful large-flowered variety of light and dark shades of heliotrope, with a heavy deep violet hue on the inside and a blue base. 26 inches high.

9159 Flamingo Pure soft shell-pink flowers of large size and graceful form. 28 inches high.

9162 Gretchen (Margaret) Pale silvery rose, flushed white; inside soft pink and white with blue center. A very popular variety. 22 inches high.

9165 King Harold Deep purple-red with white base; a beautiful variety for the garden, and fine for forcing. 24 inches high.

9168 La Tulip Noire Quaint dark velvety maroon—a shade rarely found among flowers. Large blooms. 25 inches high.

9172 Mr. Farncombe Sanders Large, rosy scarlet flowers; inside fiery cherry-red with white blotch. Of excellent quality for forcing or bedding. A very fine color. 24 inches high.

9174 Pride of Harlem A very early rosy carmine, gracefully carried on long, strong stems; sweet scented. Fine for borders and easily forced. 25 inches high.

9176 Princess Juliana Fiery orange-scarlet with a sheen of salmon. The inside is brightest scarlet, with blue and white base. Large flowers, on long and strong stems. 24 inches high.

9181 Professor Rauwenhof Enormous blooms of an attractive cherry-red, shaded scarlet; base bright blue. 28 inches high.

9182 Psyche A delicate combination of silvery rose edged with clear soft rose. Fine for window-boxes or borders. 24 inches high.

9189 White Queen (La Candeur) Upon opening, the flowers are flushed with pale rose, but are almost white when fully developed. The anthers are dark. 24 inches high.

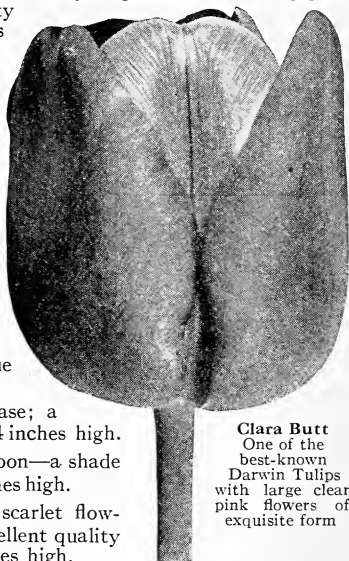

Any of the above

Darwin Tulips: 3 for 22 cts.; 6 for 40 cts.; 12 for 70 cts.; 50 for \$2.40; 100 for \$4.50, delivered.

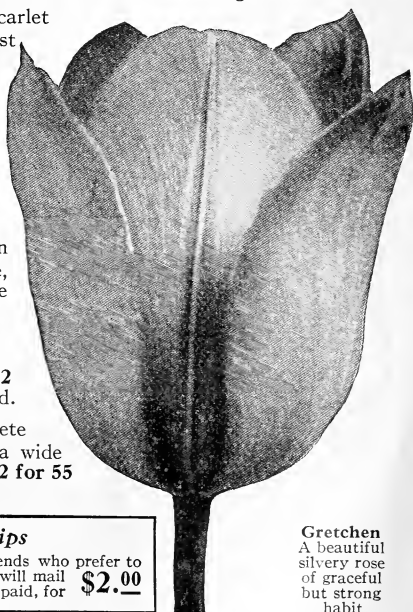

9193 Darwin Tulips Mixed A complete mixture of the finest and rarest, comprising a wide range of colors. 3 for 18 cts.; 6 for 30 cts.; 12 for 55 cts.; 50 for \$1.95; 100 for \$3.50, delivered.

9894 Collection of Darwin Tulips

We are offering this special collection to our many friends who prefer to have a few bulbs each of all the varieties listed. We will mail three bulbs each of the 13 varieties (39 bulbs in all), postpaid, for **\$2.00**

Clara Butt
One of the best-known Darwin Tulips with large clear pink flowers of exquisite form

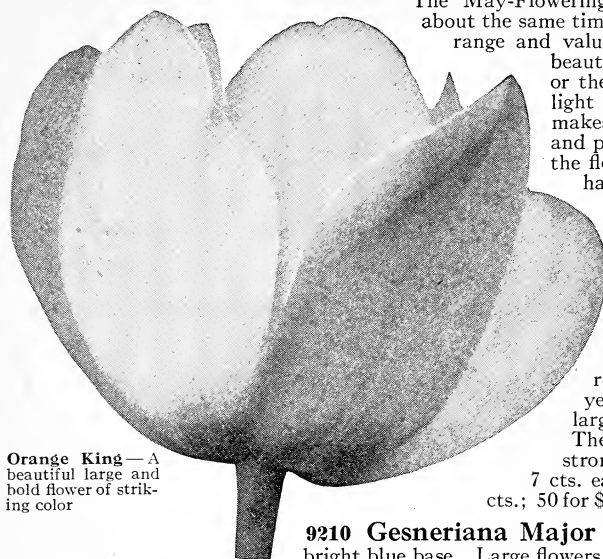

Gretchen
A beautiful silvery rose of graceful but strong habit

Bulbs for Fall Planting

COTTAGE TULIPS

The May-Flowering or Cottage Tulips bloom about the same time as the Darwins. The color range and value of the various shades are beautiful. To see the brilliant red or the fiery orange in bright sunlight simply dazzles the eye and makes it turn to the softer yellows and pinks. The color and form of the flowers, together with varying habits of growth, carrying the flowers in some varieties on long, strong stems, upright in an aristocratic mood, and in others gracefully drooping, give this class an adaptability to bring life and joy into the border.

Orange King—A beautiful large and bold flower of striking color

A brilliant variety; 24 inches high. 8 cts. each; 6 for 40 cts.; 12 for 70 cts.; 50 for \$2.40, delivered.

9215 Inglescomb Yellow Shining canary-yellow, of large size, perfect form, and strong growth; 20 inches high. 7 cts. each; 6 for 35 cts.; 12 for 60 cts.; 50 for \$2.20; 100 for \$4.00, delivered.

9223 Orange King Remarkable for its color combination, blending a rich deep orange with a fine shade of rose. The inside is rich orange-scarlet marked with yellow base. The color is superb, especially in bright sunlight. The flowers are large, of almost globular form, and decidedly fragrant; 22 inches high. 8 cts. each; 6 for 40 cts.; 12 for 70 cts.; 50 for \$2.40; 100 for \$4.50, delivered.

9229 Picotee (Maiden's Blush) White with a fine margin of deep rose. The flowers are large, and as they age they develop a rose cast and the petals reflex, giving grace and daintiness. Every lover of Cottage Tulips should have this variety; 20 inches tall. 7 cts. each; 6 for 35 cts.; 12 for 65 cts.; 50 for \$2.30; 100 for \$4.25, delivered.

9234 The Fawn A rosy amber changing to cream splashed with faint rose. Of large size and egg-shaped form. The flowers are carried well on graceful stems; 20 inches high. 7 cts. each; 6 for 35 cts.; 12 for 60 cts.; 50 for \$2.20; 100 for \$4.00, delivered.

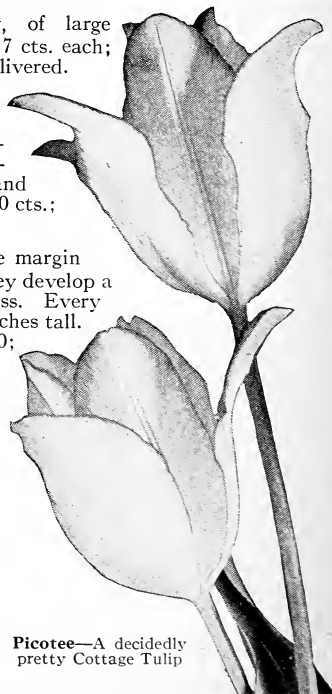

9899 *The Dutch Garden Collection*

9206 Fairy Queen Soft rosy lilac margined amber-yellow. The flowers are of large size and very good form. They are carried upright on strong stems; 20 inches high. 7 cts. each; 6 for 35 cts.; 12 for 60 cts.; 50 for \$2.20; 100 for \$4.00, delivered.

9210 Gesneriana Major Vivid crimson-scarlet with bright blue base. Large flowers, of good habit and fine form.

Picotee—A decidedly pretty Cottage Tulip

BREEDER TULIPS

Of all the Tulips, the "Breeders" are, without question, the most striking. They have been the "hobby" of English fanciers for more than a century. They surpass even the finest of the Darwins in their tall, majestic growth and truly enormous blooms. But it is their rich coloring which places them in a class by themselves—old gold and bronze, terra-cotta and salmon, crushed strawberry and purple, in the most perfect harmony of rare colors found in nature.

9255 Bronze Queen See illustration. An attractive buff shade, tinged with apricot and golden bronze on the inside. The flowers are remarkably large, carried on long and strong stems. Fine for forcing or bedding. 3 for 25 cts.; 6 for 45 cts.; 12 for 80 cts.; 50 for \$2.75; 100 for \$5.00, delivered.

9257 Cardinal Manning Magnificent large flowers of a dull wine-red flushed rosy brown. 3 for 18 cts.; 6 for 35 cts.; 12 for 60 cts.; 50 for \$2.20; 100 for \$4.00, delivered.

9261 Dom Pedro A beautiful tint of coffee-brown shaded maroon. The inside of the magnificent flowers is rich mahogany. A good forcing variety with a decided fragrance. 3 for 35 cts.; 6 for 60 cts.; 12 for \$1.10; 50 for \$3.65; 100 for \$7.00, delivered.

9264 Feu Ardent Large cup-shaped blooms of a rich shade of brilliant fiery red. Extra fine. 3 for 30 cts.; 6 for 55 cts.; 12 for \$1.00; 50 for \$3.45; 100 for \$6.50, delivered.

9269 Godet Parfait Deep purple-violet with white base. The color is most vivid and the flowers are very large. Grows 30 inches high. 3 for 30 cts.; 6 for 55 cts.; 12 for \$1.00; 50 for \$3.45; 100 for \$6.50, delivered.

9275 Louis XIV Dark purple edged with golden bronze. The flowers are globular and of very large size. One of the finest Tulips in existence. 35 cts. each; 3 for 95 cts.; 6 for \$1.80; 12 for \$3.50; 50 for \$13.00; 100 for \$25.00, delivered.

9278 Madame Lethierry Dark cherry-rose, edged and flushed salmon. An attractive color. Large flowers carried on long stems; 26 inches high. 3 for 30 cts.; 6 for 50 cts.; 12 for 90 cts.; 50 for \$3.25; 100 for \$6.00, delivered.

9280 Medea Enormous flowers of crushed strawberry color, shaded with heliotrope and yellow center. Very beautiful and fine for forcing or bedding. 3 for 18 cts.; 6 for 35 cts.; 12 for 60 cts.; 50 for \$2.20; 100 for \$4.00, delivered.

9283 Old Gold (Yellow Perfection)

Magnificent large flowers carried on long strong stems; 24 inches high. The flowers are light bronzy yellow, shaded and edged golden yellow. Good for forcing or bedding. 3 for 25 cts.; 6 for 45 cts.; 12 for 80 cts.; 50 for \$2.75; 100 for \$5.00, delivered.

9288 Prince of Orange Large and showy flowers of a rich terra-cotta shade, edged orange-yellow. The base is yellow starred with black; 26 inches high. 3 for 30 cts.; 6 for 50 cts.; 12 for 90 cts.; 50 for \$3.25; 100 for \$6.00, delivered.

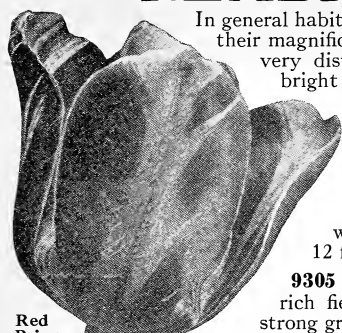

9896 Collection of Breeder Tulips We will send to any address this fine collection of Breeder Tulips, containing three bulbs each of above ten named varieties, each kind labeled plainly (30 bulbs in all), for **\$2.50**

Old Gold
A remarkable flower of a beautiful shading

Bronze Queen
A combination of apricot and bronze which always attracts much attention

REMBRANDT TULIPS

In general habit of growth these resemble the popular Darwin Tulips, with their magnificent large flowers carried on long heavy stems. They are very distinct by their unusual colors and markings. All have bright stripes and splashes of a rich and dark shade, forming a sharp contrast against a background of white, rose, or lavender. Most attractive when in full bloom, rivaling a rich oriental carpet.

Red Prince

9302 Bougainville This is an excellent forcing variety, with large and heavy flowers carried on long and strong stems. The ground color is a rich amaranth which is striped with white. 3 for 30 cts.; 6 for 50 cts.; 12 for 90 cts.; 50 for \$3.25; 100 for \$6.00, delivered.

9305 Caracalla In this variety we find a sharp contrast of rich fiery scarlet stripes and dashes upon a white ground. A strong grower with immense flowers of perfect form. 3 for 30 cts.; 6 for 50 cts.; 12 for 90 cts.; 50 for \$3.25; 100 for \$6.00, delivered.

9313 Hebe The ground color is white, attractively relieved by stripes of lilac and maroon. 3 for 30 cts.; 6 for 50 cts.; 12 for 90 cts.; 50 for \$3.25; 100 for \$6.00, delivered.

9321 Red Prince The heavy marking of flaming fiery scarlet upon a soft rose ground gives a most beautiful effect. A very good forcing variety. 3 for 30 cts.; 6 for 50 cts.; 12 for 90 cts.; 50 for \$3.25; 100 for \$6.00, delivered.

9326 Semele This is an exquisite combination of bright pink upon a white background. 3 for 30 cts.; 6 for 50 cts.; 12 for 90 cts.; 50 for \$3.25; 100 for \$6.00, delivered.

9330 Suzanna Enormously large flowers with rich reddish brown markings on a soft lilac, livened up by dashes of white. 3 for 30 cts.; 6 for 50 cts.; 12 for 90 cts.; 50 for \$3.25; 100 for \$6.00, delivered.

Hebe

EARLY DOUBLE TULIPS

The culture of the double varieties is just as easy as that of the singles. Planted in pans, they make attractive winter-bloomers, and last even longer than the single varieties. Placed in the open border they come into bloom slightly later than the early single Tulips.

9354 Couronne des Roses Large, fully double flowers of rich pure rose. 3 for 25 cts.; 6 for 45 cts.; 12 for 80 cts.; 50 for \$2.75; 100 for \$5.00, delivered.

9356 Crown of Gold Rich yellow splashed with orange and red. Fine for forcing and bedding. 3 for 25 cts.; 6 for 40 cts.; 12 for 70 cts.; 50 for \$2.40; 100 for \$4.50, delivered.

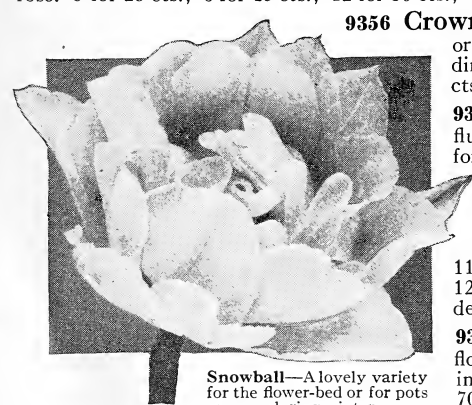

9362 Murrillo White and rose-pink, flushed and streaked. Good for forcing and for outdoors; 11 inches high. 3 for 18 cts.; 6 for 30 cts.; 12 for 55 cts.; 50 for \$1.95; 100 for \$3.50, delivered.

9367 Rubra Maxima A large crimson-scarlet flower of perfectly double form; 11 inches high. 3 for 20 cts.; 6 for 35 cts.; 12 for 60 cts.; 50 for \$2.20; 100 for \$4.00, delivered.

9370 Snowball Pure white, Peony-like flowers. A splendid forcer and bedder; 10 inches high. 3 for 25 cts.; 6 for 40 cts.; 12 for 70 cts.; 50 for \$2.40; 100 for \$4.50, delivered.

9376 Turban Violet A free forcing and

bedding flower. The color is unique—a beautiful rosy violet. It is easily forced for winter blooming. 3 for 25 cts.; 6 for 45 cts.; 12 for 80 cts.; 50 for \$2.75; 100 for \$5.00, delivered.

Snowball—A lovely variety for the flower-bed or for pots or pans during winter

Lilies Lilies are the symbol of beauty. They are of easiest culture and the varieties listed below are perfectly hardy and will increase in attractiveness and size with each succeeding year. Lilies do best on a well-drained sandy soil. The soil should be fairly rich and the plants should be given plenty of water during periods of drought. In order to grow well, lily bulbs should be planted deeply.

8603 Canadian Lily (Canadense) This is also called Meadow Lily or Wild Yellow Lily. The flowers are borne in clusters of six to ten and measure 3 inches across. They are a bright orange-yellow spotted with purplish brown. Blooms from late June until early August. An easily grown and very graceful variety. Grows 2 to 5 feet tall. 25 cts. each; 6 for \$1.35; 12 for \$2.50, delivered.

8604 Candlestick Lily (Dauricum) This beautiful variety grows 2 to 3 feet tall and bears clusters of three to five flowers which measure 3 to 5 inches in diameter. They are a rich orange-red, slightly spotted with purplish black and tinged with yellow in the center. Blooms during June and early July. 20 cts. each; 6 for 95 cts.; 12 for \$1.75, delivered.

8625 Madonna Lily (Candidum) This is the best known of all the Lilies, growing

2 to 4 feet high and bearing large clusters having from five to twenty flowers on top of the strong stem. The flowers are 3 to 4 inches long and fully as wide. They are delicately fragrant, of a pure waxy white, with yellow anthers. Blooms during late June and July. 35 cts. each; 6 for \$1.90; 12 for \$3.50, delivered.

8638 Swamp Lily (Superbum) This gorgeous Lily grows from 3 to 8 feet high and carries as many as forty flowers which measure 3 to 4 inches in diameter. The flowers are a brilliant orange-scarlet, shaded yellow and spotted purplish brown at the base. Blooms during late July to early September. 25 cts. each; 6 for \$1.15; 12 for \$2.00, delivered.

8641 The Coral Lily (Tenuifolium) This is also called Fern-Leaved or Tiny Lily. The slender stems grow 1 to 2 feet high

NARCISSUS

All that Daffodils need is a good start to make themselves naturally and gloriously "at home" in any location. Their delicately scented flowers are very welcome in the winter pots and boxes; but out-of-doors, in garden, lawn, or wildwood, they find their greatest perfection. The Narcissi are sometimes divided into three groups, according to the size of their trumpet, as the cup or inner tubular part of the flower is called. The outer row of petals is known as the perianth, and in some sorts it differs in color from the trumpet. There are a few varieties in which the trumpet is double. The small trumpet Narcissi are again divided into several classes, of which the Poeticus, Poetaz, Polyanthus, and Jonquils are the most important. All are very hardy, with the exception of the clustered Polyanthus varieties, which must be planted deeply to live over our winters in the open.

Large Trumpet Daffodils

These are the true old-fashioned hardy Daffodils. Flowers of remarkable size, with large trumpets. The largest and most glorious of all Narcissi. Exceptionally fine cut-flowers and well adapted for forcing. They are perfectly hardy, and look well in large beds or naturalized in the wildwood.

9405 Glory of Leiden See illustration. Known in Holland as "The King of Daffodils." Massive yellow trumpets; flowers held boldly erect on stout, strong stems. It is of the easiest culture, and is grown in pots as much as in the garden. GLORY OF LEIDEN is one of the varieties that should be in every complete collection; 16 inches high. 14 cts. each; 6 for 65 cts.; 12 for \$1.20; 50 for \$4.00; 100 for \$7.50, delivered.

9407 Golden Spur A large and remarkably fine substantial flower. Uniform deep golden yellow; the most popular of the single Narcissi. It is the best forcing variety. Planted in the open, GOLDEN SPUR begins to bloom very early and keeps in full bloom for a remarkably long time. Strong and vigorous; 16 inches high. 10 cts. each; 6 for 45 cts.; 12 for 85 cts.; 50 for \$3.00; 100 for \$5.50, delivered.

9412 Madame de Graaff This is one of the most beautiful varieties of the bicolor class, bearing magnificent and graceful flowers. The trumpet is rich yellow, with a fine white perianth of slightly twisted petals; 16 inches high. Fine for borders or beds. 12 cts. each; 6 for 50 cts.; 12 for 90 cts.; 50 for \$3.25; 100 for \$6.00, delivered.

Daffodils"

9418 Van Waveren's Giant The flowers are unusually large and bound to attract attention. They are always greatly admired. The perianth is bold and of a heavy texture. The color is a soft primrose. The trumpet is large, open, attractively waved, and undulated. The color of the trumpet is a bright and rich golden yellow. VAN WAVEREN'S GIANT is an excellent forcing variety, bearing its large and well-built blooms on long and strong stems. In season it is one of the earliest to come into bloom. 30 cts. each; 6 for \$1.40; 12 for \$2.50; 50 for \$9.00; 100 for \$17.00, delivered.

9420 Victoria A fine variety, perianth creamy white, trumpet rich yellow, delicately perfumed; unsurpassed for pot culture and always satisfactory out-of-doors. VICTORIA is well suited and very much used for mass planting. VICTORIA is one of the most graceful Narcissi; 16 inches high. 12 cts. each; 6 for 55 cts.; 12 for \$1.00; 50 for \$3.45; 100 for \$6.50, delivered.

All of the Narcissus bulbs offered on this page are so-called "double-nosed" bulbs. The double-nosed bulbs are the most satisfactory, because they will not only make stronger plants, but will produce at least two vigorous flower-stems. Read the Burpee Guarantee on the inside front cover.

NARCISSUS—Medium Trumpet

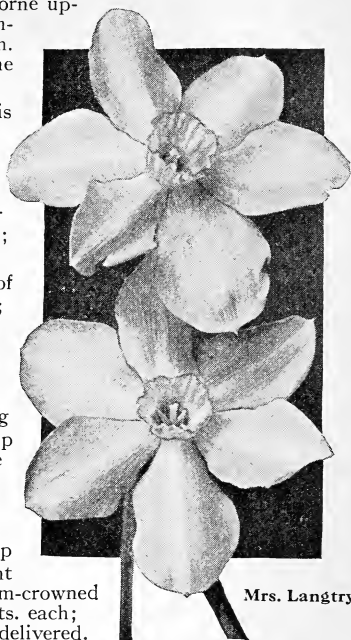

A beautiful class, with large, sweet-scented flowers borne upright on long and strong stems. The perianth is composed of large petals, and the cup is of medium length. Very hardy bulbs, fine for naturalizing or for beds. The Medium Trumpet varieties are fine for winter forcing.

9426 Conspicuous The light yellow perianth is made up of large and broad petals. The cup is short and of a rich yellow color, edged with bright orange-scarlet. A free-blooming, extra fine variety of unusual vigor. Very showy in the border or naturalized in the woodland or lawn. Easily forced for winter blooming; 20 inches tall. 8 cts. each; 6 for 40 cts.; 12 for 70 cts.; 50 for \$2.40; 100 for \$4.50, delivered.

9429 Lucifer Sulphur-white perianth composed of long, well-rounded petals arranged in a star-fashion; the cup is intense glowing orange-red edged bright orange. Magnificent showy flowers blooming for a long time; 18 inches tall. 12 cts. each; 6 for 50 cts.; 12 for 90 cts.; 50 for \$3.25; 100 for \$6.00, delivered.

9431 Mrs. Langtry A remarkable free-flowering variety with broad white perianth and large white cup edged bright yellow. When the flowers first open up the entire cup is pale yellow. They bloom very freely for a long time; 16 inches tall. 7 cts. each; 6 for 35 cts.; 12 for 60 cts.; 50 for \$2.20; 100 for \$4.00, delivered.

9438 Sir Watkin Perianth sulphur-yellow; cup yellow, tinged bright orange. A most magnificent giant-flowered variety and one of the best medium-crowned Daffodils; 20 inches tall. Large, round bulbs. 9 cts. each; 6 for 45 cts.; 12 for 80 cts.; 50 for \$2.75; 100 for \$5.00, delivered.

Mrs. Langtry

NARCISSUS—Double Trumpet

The double varieties are particularly well adapted for winter forcing and keep a long time as cut-flowers. A pan of double Daffodils is one of the most attractive decorations we could wish to have. Grown in the open they are suited for planting in solid beds, or they may be naturalized either in the lawn, the meadow, or the woodland. A clump here and there in the perennial bed makes a very attractive showing.

9443 Silver Phoenix A fully double variety belonging to the Incomparabilis type. The flowers are large and well formed, resembling a giant double buttercup. Creamy white with sulphur-yellow center. Excellent as a cut-flower. Grows about 18 inches high. 9 cts. each; 6 for 45 cts.; 12 for 80 cts.; 50 for \$2.75; 100 for \$5.00, delivered.

9445 Von Sion A Double Trumpet variety of great merit and considered the best in its class. Of a lovely golden yellow color. It differs from Silver Phoenix not only in color but also in form, the flowers having a distinct perianth and a fully double trumpet. One of the best for forcing, since the large flowers last unusually long. Fine for the open border; 12 inches high. 9 cts. each; 6 for 45 cts.; 12 for 80 cts.; 50 for \$2.75; 100 for \$5.00, delivered.

POLYANTHUS NARCISSUS

Large-Flowered Paper White

Commonly called "Chinese Sacred Lily." Enjoy their beauty and fragrance all during winter and early spring by making successive plantings in bowls filled with pebbles and water

Narcissus Poetaz Elvira
A fine variety for the garden or the home

Deliciously sweet-scented flowers growing in clusters of from 4 to 12 blooms. They grow wild on the Canary Islands and in China and Japan. The foliage is dark green and rather broad. They are of easiest culture and especially adapted for growing in pots or pans filled with pebbles and water. They are less hardy than other groups, but can be grown outdoors, where the winters are not too severe, if planted deeply, covering with 6 to 10 inches of fine soil. The Polyanthus Narcissus are much wanted for winter forcing in the house. They remain in bloom for a long time and are also useful as cut-flowers. They can easily be forced and do not require a conservatory or greenhouse.

9460 Large-Flowered Paper White This is very similar and, in fact, easier to grow in water than the Chinese Sacred Lily. Many people refer to the Large-Flowered Paper White as the Chinese Sacred Lily. The clusters of blooms contain 6 to 12 flowers each. They are pure white and deliciously fragrant. This is possibly the best known of all the Narcissus. 3 for 25 cts.; 6 for 45 cts.; 12 for 85 cts.; 50 for \$3.00; 100 for \$5.50, delivered.

9459 Soleil d'Or This attractive variety is just as free-blooming as the Large-Flowered Paper White and carries 6 to 10 flowers on a single stem. The blooms are an intense yellow with a small cup of a contrasting orange color. It is excellent for forcing during the winter-time. 3 for 55 cts.; 6 for \$1.00; 12 for \$1.90; 50 for \$7.00; 100 for \$13.50, delivered.

NARCISSUS POETAZ Hardy Cluster-Flowered Daffodils

These new hybrids originated from crosses between the hardy Poeticus type and the free-blooming Polyanthus type. They resemble in general appearance both parents. They inherited their large size from the Poeticus and their habit of forming flowers in clusters from the Polyanthus type. Each cluster bears 2 to 6 flowers which are arranged in a loose and artistic bunch. The plants bloom freely and continuously. They are extremely hardy, vigorous, and valuable for bedding or forcing.

9452 Elvira This is considered the very best of all the Narcissus Poetaz. The flowers are borne on strong stems and come in clusters of from 2 to 6. The perianth is pure white and the cup is a contrasting rich yellow color. This variety grows about 18 inches high and is well adapted for growing in the house during winter-time. Planted outdoors, the bulbs will increase in number with every year and will make a beautiful display naturalized in the woodland or meadow.

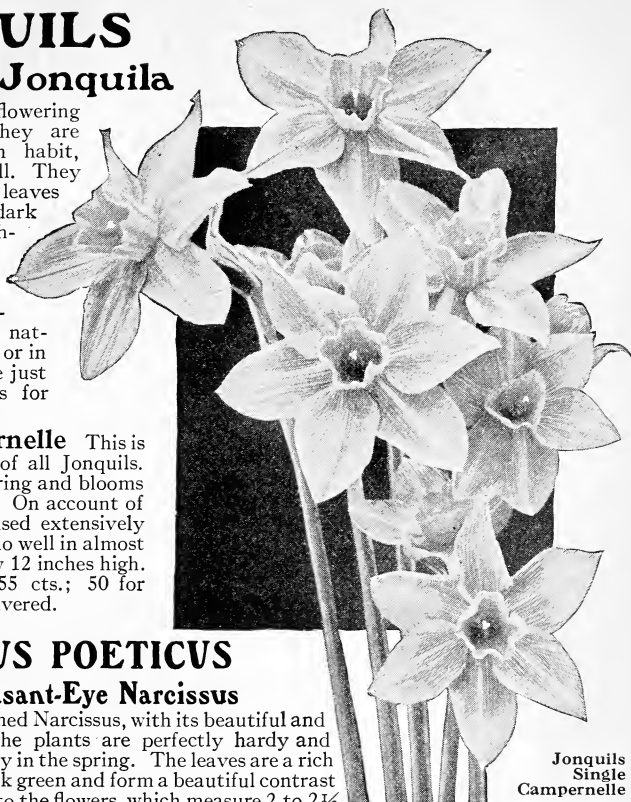

3 for 25 cts.; 6 for 45 cts.; 12 for 80 cts.; 50 for \$2.75; 100 for \$5.00, delivered.

JONQUILS

Narcissus Jonquilla

Jonquils are a small-flowering type of Narcissus. They are slender and graceful in habit, growing about 1½ feet tall. They are perfectly hardy. The leaves are a very attractive dark green, narrow, and rush-like. The flowers are borne in clusters of from 2 to 6 and have a delightful perfume. Jonquils are wonderful for naturalizing in the woodland or in the meadow, but they are just as easily forced in pots for winter blooming.

9463 Single Campernelle This is the most widely known of all Jonquils. It is extremely free-flowering and blooms quite early in the spring. On account of its strong growth it is used extensively for naturalizing and will do well in almost any location. They grow 12 inches high. 6 for 30 cts.; 12 for 55 cts.; 50 for \$1.95; 100 for \$3.50, delivered.

NARCISSUS POETICUS

Poet's or Pheasant-Eye Narcissus

This is the true old-fashioned Narcissus, with its beautiful and sweet-scented flowers. The plants are perfectly hardy and make a strong growth early in the spring. The leaves are a rich dark green and form a beautiful contrast to the flowers, which measure 2 to 2½

inches across. On account of its hardiness it is used extensively for naturalizing in the woodland or meadow. After once being planted and left undisturbed it will increase in number and beauty with every year. The plants look best in clumps and grow about 18 inches tall.

9456 Poeticus Ornatus The attractive flowers have a pure white perianth and a cup of rich saffron-yellow edged bright crimson. It is most conspicuous in mass plantings and can also be easily forced indoors during winter time. 6 cts. each; 6 for 30 cts.; 12 for 55 cts.; 50 for \$1.95; 100 for \$3.50, delivered.

9474 MIXED DAFFODILS

Many of our friends have requested us to furnish them with a mixture of Narcissus which could be used for mass planting in the meadow or in the woodland where the plants will grow to perfection under natural conditions. Our mixture of Daffodils contains all those varieties which are suited for this purpose. They are all hardy varieties which will multiply from year to year and will give the natural effect so much desired. 6 for 30 cts.; 12 for 55 cts.; 50 for \$1.95; 100 for \$3.50; 500 for \$16.00, delivered.

BEARDED IRIS

Queen
of the
Gypsies

Bearded Iris or Flag Iris are well adapted for growing in a fairly dry, well-drained location. They are of easiest culture and rare beauty, blooming profusely and increasing rapidly. They are perfectly hardy and present a beautiful sight when in full bloom. The flowers are borne on long and strong stems above the foliage, and they come in many beautiful colors. They make good cut-flowers, lasting a long time in water.

8500 Aurea Clear rich yellow flowers of strong and sturdy growth. A very free-flowering variety, growing 2 feet tall. This color combines well with blue shades.

8501 Beethoven A fine combination of a blue standard and deep royal purple falls. The plants are strong and vigorous, growing 2 feet tall. A free bloomer.

8502 Celeste The large flowers are a rich satiny blue, standing out well from the deep green foliage. One of the best late varieties, growing 30 inches tall.

8506 Darius A most popular variety with light yellow standards and falls of pansy-purple with a broad border of gold. The strong sturdy plants are very free bloomers.

8509 Flavescens A quaint combination of a soft yellow throat veined chocolate. This is a midseason variety, blooming very freely. It is sweet-scented and grows 2½ feet high.

8511 Florentina Alba Large, perfectly white flowers produced in the greatest profusion from early in the season until late. It has a delightful fragrance.

8515 Kochii The buds of this variety are almost black, opening to a dark claret-purple. An early and continuous blooming variety, growing 2 feet in height. The spikes make excellent cut-flowers, lasting more than a week in water.

8516 La Tendresse The flowers are of a uniform Ageratum-blue; of large size and very pretty. LA TENDRESSE looks particularly attractive when combined with yellow shades.

8517 Madame Chereau Among Bearded Iris this is an outstanding variety. The flowers are white and have a broad edge of penciled blue. A great favorite with many gardeners.

8518 Mrs. H. Darwin A midseason variety, growing 2 feet tall and having a pure white standard with violet-veined falls. Many people prefer varieties of this type for their beauty.

8522 Pallida Dalmatica The king of all Iris, with uniformly large flowers borne on stems 4 feet tall. The flowers are an exquisite shade of soft lavender.

8523 Queen of the Gypsies A quaint combination of a light bronze standard and purple-red falls. The plants make a strong and vigorous growth and bloom very freely.

8524 Queen of the May Beautiful soft rose-lilac. This is almost a pink and quite a rare color among the Bearded Iris. A strong grower, reaching a height of 3 feet.

8525 Rhein Nixe The sharp contrast of the white standard against the plum-purple falls, which have a broad border of white, makes this a very attractive variety; grows 3 feet tall and blooms very freely.

8526 Speciosa Rosy claret standard and claret-red falls. A distinct and beautiful variety, growing 3 feet tall.

Any of the above Bearded Iris: 15 cts. each; 6 for 75 cts.; 12 for \$1.35; 50 for \$5.00; 100 for \$9.50, postpaid.

8529 Bearded Iris Mixed A fine mixture of all the above and many other worthwhile varieties. 6 for 40 cts.; 12 for 75 cts.; 50 for \$2.75; 100 for \$5.00, delivered.

9851 Collection of Bearded Iris

Iris occupy a unique place in our gardens. They are admirably adapted for mass planting either in the center of the lawn or along fences or walls. If planted in front of shrubbery they gracefully break the strong division between the lawn and the shrubs, adding greatly to the harmony of the garden. Our collection contains one strong root each of the 15 separate varieties listed. Purchased separately these would cost \$2.25. Delivered to your door for **\$1.50**

PEONIES

Felix Crousse

A sweet-scented mid-season variety of exceptionally strong growth and many large blooms of bright red

What looks prettier than a well-grown Peony plant covered with a mass of gigantic flowers? The Peony comes into bloom at that time of the year which makes it an extremely desirable flower for use in connection with our national holiday, Memorial Day. With ordinary care the plants will bear their massive, fully double flowers in great profusion from year to year. Plant the roots during August and September in a bed well prepared and enriched with plenty of well-rotted manure. Cover the crowns with not more than 2 inches of good soil. The flowers, when cut, will last a long time in water. Most varieties are exquisitely scented, and those offered below are the best in their color class.

8701 Crown of Gold The famous "Couronne d'Or." Immense, well-shaped white flowers with a crown of yellow stamens. One of the finest of all late-flowering Peonies. Blooms freely and is a splendid grower. 60 cts. each; 6 for \$2.85; 12 for \$5.50, delivered.

8705 Duchesse De Nemours Pure white crown with sulphur-white collar. Very fragrant, and a strong, vigorous grower of medium height. Blooms during midseason and makes a strong upright growth. 35 cts. each; 6 for \$1.70; 12 for \$3.25, delivered.

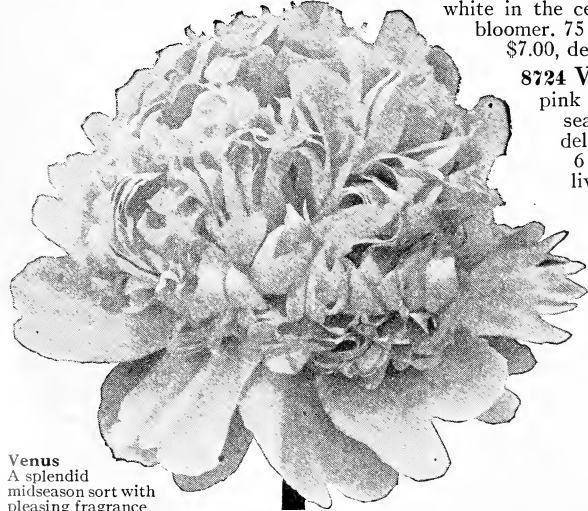

8706 Edulis Superba Large, loose flowers of a bright but deep rose-pink. Very fragrant. An early, strong, and vigorous grower. One of the foremost pink varieties for Decoration Day. It blooms very profusely. 30 cts. each; 6 for \$1.60; 12 for \$3.00, delivered.

8709 Felix Crousse Large, globular flowers of a dazzling ruby-red. Of strong habit; medium height. It blooms freely and is the best red Peony. **FELIX CROUSSE** has proven to do well almost everywhere. 60 cts. each; 6 for \$2.85; 12 for \$5.00, delivered.

8713 Festiva Maxima Large, globular flowers. Pure white, with the center flecked crimson. A tall, strong, and vigorous grower. Blooms very early and is used extensively for cut-flowers. The flowers are fragrant. 40 cts. each; 6 for \$2.00; 12 for \$3.75, delivered.

8722 Umbellata Rosea Beautiful large light pink flowers shading to an amber-white in the center. A very fine and early bloomer. 75 cts. each; 6 for \$3.65; 12 for \$7.00, delivered.

Burpee's Lawn Grass

The Farm House at Fordhook, showing the rich green and velvety lawn produced from the same blend as the "Fordhook Finest" offered below

6145 Burpee's Fordhook Finest Lawn Grass

We pride ourselves on

FORDHOOK FINEST grass mixture, which, from yearly comparative trials at FORDHOOK FARMS, we know is unsurpassed for first-class and permanent results. This is due to the fact that we use only the very finest varieties of the most suitable grasses.

We have prepared a special leaflet, "How to Establish a Lawn," which gives detailed directions for preparing the ground and sowing the seed, together with the subsequent care and proper treatment of the lawn. Ask for a free copy of the Burpee leaflet, "How to Establish a Lawn," when you order your seeds.

6145 Fordhook Finest

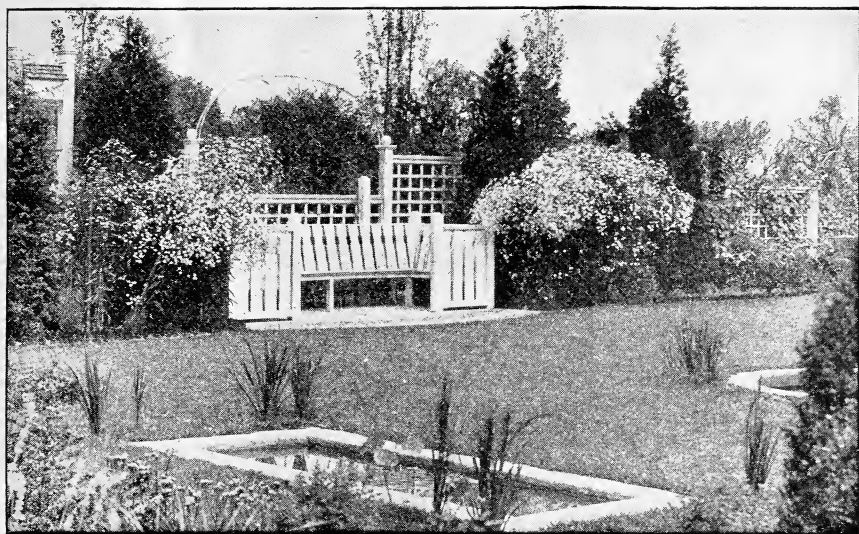

contains a well-balanced blend of various American and foreign fine-bladed and deeply rooting varieties, which have been proved by us to produce the best results under the varied conditions as to soils and climate met with in America. This special mixture will give a green, smooth, velvety sod with a thick bottom and is free from such varieties of common grasses as produce clumps and knots on the lawn, which so frequently spoil the desired smooth and deep effect. FORDHOOK FINEST LAWN GRASS is composed entirely of the best re-cleaned seeds. It is free of all chaff and weighs 25 to 27 pounds per measured bushel. A small quantity of White Clover is included in FORDHOOK FINEST LAWN GRASS, but only sufficient to help thicken the bottom of the sod.

6145 FORDHOOK FINEST in POUND PACKAGES, at **60 cts. each**; **3 lbs. \$1.65**, postpaid. By express or freight, at purchaser's expense: **10 lbs. or more at 42 cts. per lb.**; **100 lbs. at 38 cts. per lb.** (25 lbs. or more will be supplied at the 100 lb. rate).

One pound of seed is sufficient to sow a plot of 20 x 20 (or 400) square feet. Eighty lbs. per acre are sufficient for careful seeding, but it is much better to use 100 lbs. per acre where it is desired to have a good close turf from the start.

Late Summer or Early Fall is a Good Time to Start a Lawn

A section of the Formal Gardens at Fordhook, where our Golf Link Mixture was used, because it is unexcelled wherever the lawn must endure frequent close cutting and severe trampling

6147 Golf Links This mixture is composed exclusively of fine-bladed grasses which will withstand frequent close cutting and trampling. It is free from weed seed and contains no white clover, the latter not being suitable for the closely cut golf lawn. It is very important that only grasses which fulfil all requirements for the golf course are used in this mixture, and we have made a special study of this subject to make "BURPEE'S GOLF LINK MIXTURE" the standard. Sow 100 lbs. per acre. **Lb. 75 cts.; 3 lbs. \$2.00; 5 lbs. \$3.15, postpaid.** By express, 10 lbs. or more, at **51 cts. per lb.**

6149 Shady Nook Many of our customers having fine shade trees on their lawns or shaded corners receiving but little sunlight have written regarding the difficulty of securing a good growth of grass under the trees or in other heavily shaded locations. This mixture is composed entirely of choice clean seed of the finest and most costly grasses, which have been found to thrive well in partly shaded locations, forming a close, thin-bladed turf. It is all clean, heavy seed, free from chaff, and will give the best results with a minimum quantity of seed. One pound for 400 square feet (20 x 20). **Lb. 70 cts.; 3 lbs. \$1.95; 5 lbs. \$3.00.** Express or freight, 10 lbs. or more, at **49 cts. per lb.**

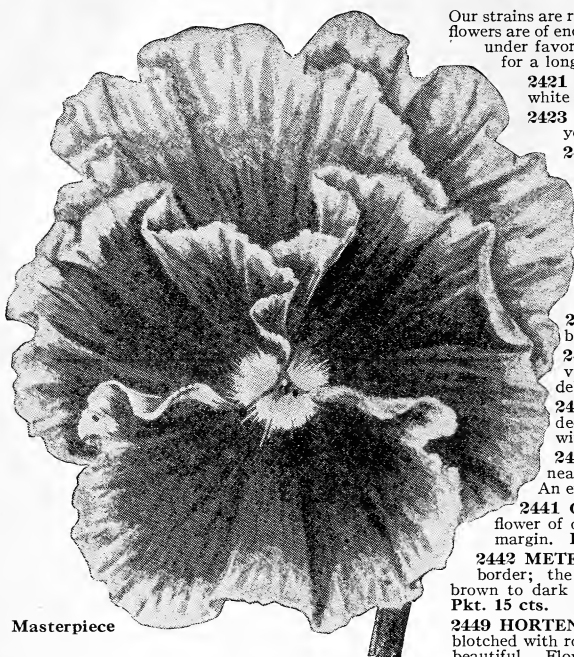

6144 Terrace Sod The terrace is oftentimes a source of a great deal of worry and trouble. This is largely due to the fact that the right grasses are not used in the making of the terrace sod. We have prepared a Special Mixture containing only those grasses that are best adapted to embankments and terraces. These grasses are all deep rooted or have strong spreading roots that hold the soil firmly and prevent washing away during heavy rains. Burpee's SPECIAL TERRACE MIXTURE will produce a rich green, velvety sod, and will retain its emerald-green appearance throughout the entire season. The varieties are long lived and hardy, making a permanent growth. Sow 80 to 100 lbs. per acre. **Lb. 75 cts.; 3 lbs. \$2.00; 5 lbs. \$3.15, postpaid.** By express, 10 lbs. or more, at **50 cts. per lb.**

6146 Sunny South Lawn In the South and in other dry locations the use of ordinary lawn grass seed does not always produce satisfactory lawns. We have prepared a special mixture that is especially suited for these hot dry locations, and with care and attention and regular watering, SUNNY SOUTH MIXTURE will produce satisfactory lawns under the most exacting conditions of weather and soil. **Lb. 60 cts.; 3 lbs. \$1.50; 5 lbs. \$2.45, postpaid.** By express, 10 lbs. or more, at **36 cts. per lb.**

Lawns play an important part in beautifying the home grounds and deserve special attention. The lawn is a perennial feature, and once established, lasts almost indefinitely, if properly cared for. The mixtures we offer have all been prepared according to formulas derived from yearly tests made in our trial grounds. The preparations for seeding and the care of the lawn are treated in detail in the revised edition of the Burpee Leaflet, "HOW TO ESTABLISH A LAWN." Ask for a free copy of it when you order.

BURPEE'S PANSIES SOW NOW FOR EARLY SPRING BLOOMING

Our strains are recognized as the finest in Pansies. The flowers are of enormous size and heavy texture. Grown under favorable conditions, the plants will bloom for a long time.

Masterpiece

2463 GIANT RUFFLED MASTERPIECE The truly giant-sized flowers are of the most striking character; the petals have so much substance that they are heavily ruffled. The colors are mainly rich dark shades, bordered, blotched, or marked in ray-like veinings with contrasting colors. **Pkt. 15 cts.**

2443 BLACK KING Large coal-black flowers of velvety texture. Very odd and attractive. One of the few flowers approaching black. **Pkt. 15 cts.**

2445 PRESIDENT CARNOT A pure white border around a large velvety blotch. **Pkt. 15 cts.**

2447 LORD BALTIMORE Rich golden yellow with pure, shining black blotch. **Pkt. 15 cts.**

2455 STRIPED, MIXED Produces a large number of plants with striped and mottled flowers. **Pkt. 15 cts.**

2457 TRIMARDEAU or GIANT MIXED A beautiful blend. **Pkt. 10 cts.; 1/8 oz. 50 cts.; 1/4 oz. 90 cts.**

2453 AURICULA-FLOWERED Exquisite shades, as found in Auricula Primroses. **Pkt. 15 cts.**

2513 Burpee's Blend of Giant Fancy Pansies

For the lover of fine Pansies, this blend cannot be surpassed. It contains the largest and most beautiful of all blotched Pansies that have been developed after many years of careful and close selection. The Burpee Blend contains only well-formed, expanded flowers of uniform large size with an unusual range of colors and markings. The texture of the blooms is heavy and thick, so that the blooms are well waved and crinkled on the edges. The large flowers are borne upon long stiff stems which hold them well above the green foliage and make them admirably suited for cutting.

The seed of Burpee's Blend is necessarily expensive but it is well worth all its costs. **Pkt. 35 cts.; 1/8 oz. \$1.50; 1/4 oz. \$2.75.**

2421 SNOW QUEEN A magnificent pure white of largest size. **Pkt. 15 cts.**

2423 GOLDEN QUEEN Rich pure golden yellow of heavy substance. **Pkt. 15 cts.**

2427 CELESTIAL Medium-size flowers of an attractive light blue color. Excellent for bedding. **Pkt. 15 cts.**

2429 LORD BEACONSFIELD Ultramarine-blue, shaded with violet, gradually shading to a velvety white on the upper petals. **Pkt. 15 cts.**

2430 PEACOCK A beautiful violet-blue. As iridescent as the eye in a peacock's feather. **Pkt. 15 cts.**

2431 IMPERIAL BLUE Ultramarine-blue with deeper blotch. **Pkt. 15 cts.**

2433 ANDROMEDA This fine mauve variety gives an unusual opportunity for delicate color combinations. **Pkt. 15 cts.**

2435 ROYAL PURPLE A beautiful, deep rich royal purple, contrasting well with the green foliage. **Pkt. 15 cts.**

2437 VICTORIA Pleasing wine-red or nearly blood-red flowers of medium size. An excellent bedding variety. **Pkt. 15 cts.**

2441 GOLDEN BRONZE A fine large flower of old gold or golden bronze with lighter margin. **Pkt. 15 cts.**

2442 METEOR Brown with bright canary-yellow border; the two upper petals vary from reddish brown to dark purple, margined with gold or silver. **Pkt. 15 cts.**

2449 HORTENSE ROSE Each flower-petal is blotched with rose, varying in shade, but all delicately beautiful. Flowers very large. **Pkt. 15 cts.**

2451 MADAME PERRET The lower petals are usually canary-yellow, white, or rose-pink, marked with purple or crimson. The upper petals are either self-colored in bright red and deep purple or outlined with a margin of white. **Pkt. 15 cts.**

2450 GIANT BRIDESMAID Beautiful apple-blossom shadings or lovely rose on white ground. Delicate and beautiful in every respect. **Pkt. 15 cts.**

2460 CASSIER'S GIANT ODIER The flowers are of immense size, all of which are either three- or five-spotted. A great favorite with many gardeners on account of its large size and rich coloring. **Pkt. 15 cts.**

2461 BUGNOT Each petal has a large dark blotch and the color from this blotch radiates toward the margin of the petals. **Pkt. 15 cts.**

2459 PARIS IMPROVED BLOTCHED In this variety each petal is marked with a well-defined, large dark blotch. **Pkt. 15 cts.**

2420 EXTRA FINE BEDDING PANSIES, MIXED These are valuable for making beds where the size of the individual flower does not count so much. Our mixture contains a remarkably large number of different colors. **Pkt. 10 cts.; 1/8 oz. 45 cts.; 1/4 oz. 85 cts.; oz. \$3.00.**

7535 Pansy Collection

Pansies or "Heartsease" are one of our most beloved flowers. No garden is complete without them. Our collection contains the following popular varieties: Golden Queen, Lord Beaconsfield, Imperial Blue, President Carnot, and Lord Baltimore.

Purchased separately, this assortment of 5 packets would cost 75 cts. It will be mailed to your door, postpaid, for **50 Cts.**

Burpee's Sweet Peas

EARLY OR WINTER FLOWERING VARIETIES
FOR THE GREENHOUSE AND FOR OUTDOOR
FALL PLANTING

White

3392 SNOWSTORM IMPROVED This is by far the finest of all white winter flowering varieties. The flowers are extra-large, of fine form, with a magnificent and boldly waved standard. A vigorous grower, with enormous flowers which are invariably borne in fours on very long stems. Pkt. 15 cts.; ½ oz. 65 cts.; oz. \$1.20; ¼ lb. \$3.60; lb. \$12.00.

3332 ALBATROSS A black-seeded white of immense size. The flowers at times are slightly tinted with pale pink. Of vigorous habit and extremely free-flowering. Pkt. 10 cts.; oz. 85 cts.; ¼ lb. \$2.55; lb. \$8.50.

Pink

3376 LOVELINESS The color is white, the entire flower being suffused soft pink until it reaches the edges, which are distinctly picoteed with rose-pink. A very free-flowering and strong growing variety. Pkt. 10 cts.; oz. 65 cts.; ¼ lb. \$2.00; lb. \$6.50.

3348 DAYBREAK A pleasing shade of rich rose-pink on cream ground, the color becoming deeper toward the edge of standard and wings. The entire flower is lightly suffused with salmon. The plants make a sturdy and strong growth and bloom very freely. Pkt. 10 cts.; oz. 60 cts.; ¼ lb. \$1.80; lb. \$6.00.

3351 ENCHANTRESS A bright rose-pink, becoming deeper toward the edges of standard and wings, gradually softening in tone toward the center of the flower. The large, well-waved flowers are carried on strong stems, usually borne in fours. The vines grow most vigorously and are simply covered by masses of flowers. Pkt. 10 cts.; oz. 60 cts.; ¼ lb. \$1.80; lb. \$6.00.

3383 PINK BEAUTY The color is soft rose-pink on white ground, richer toward the edges, gradually softening in color as it reaches the center of standard and wings. This is one of the best of all deep pinks. Pkt. 10 cts.; ½ oz. 40 cts.; oz. 75 cts.; ¼ lb. \$2.25; lb. \$7.50.

Rose

3362 FORDHOOK ROSE, IMPROVED A charming shade of rosy carmine. The flowers are of largest size and usually borne in threes and fours on long stiff stems. Pkt. 10 cts.; ½ oz. 40 cts.; oz. 75 cts.; ¼ lb. \$2.25; lb. \$7.50.

Orange-Scarlet

3366 GLITTERS No variety we know of approaches GLITTERS in richness, brightness, and live-fire effect. It is unique and outstanding, far ahead of all other orange-colored Sweet Peas. It glitters and scintillates, with a fire-like sheen radiating over the flowers. The standard is a bright fiery orange, and the wings are deep orange. Pkt. 25 cts.; ½ oz. \$1.30; oz. \$2.50; ¼ lb. \$7.50; lb. \$25.00.

Crimson

3374 EARLY KING The finest early flowering crimson. The flowers are of great size, perfect form, averaging fully 2 inches in diameter. Pkt. 10 cts.; oz. 60 cts.; ¼ lb. \$1.80; lb. \$6.00.

3388 ROSY MORN The color is a pleasing shade of rose with crimson-scarlet standard. The flowers are usually borne in threes or fours on long, stiff stems. Pkt. 10 cts.; oz. 60 cts.; ¼ lb. \$1.80; lb. \$6.00.

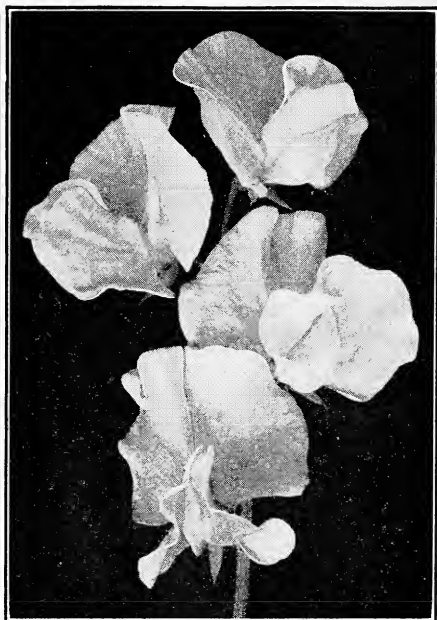

Cerise

3359 FIRE KING This is an early or winter flowering fiery cross. The color is scorching fire-red or cerise-scarlet. In bright sunlight it has a glory all its own, and under glass the color is greatly intensified. Pkt. 15 cts.; ½ oz. 65 cts.; oz. \$1.20; ¼ lb. \$3.60; lb. \$12.00.

3373 ILLUMINATION Glowing salmon-cerise, with a suspicion of orange suffusion; vigorous and strong in habit. Pkt. 15 cts.; ½ oz. 65 cts.; oz. \$1.20; ¼ lb. \$3.60; lb. \$12.00.

Lavender

3375 LAVENDER KING A rich deep lavender. Of large size, beautifully waved form, and borne in threes and fours. Pkt. 10 cts.; ½ oz. 45 cts.; oz. 85 cts.; ¼ lb. \$2.55; lb. \$8.50.

Burpee's Snowstorm Improved

Light Blue

3338 BLUE BIRD This is a charming shade of blue. Somewhat similar to Wedgwood, but more of a true self, especially as the flower ages. The flowers are carried on long stems. Pkt. 10 cts.; ½ oz. 45 cts.; oz. 85 cts.; ¼ lb. \$2.55; lb. \$8.50.

Dark Blue

3340 BLUE JACKET This will certainly become popular with all Sweet Pea lovers who prefer the dark shades. It is a rich dark navy-blue self. Extremely free-flowering and usually produced in fours. Pkt. 15 cts.; ½ oz. 55 cts.; oz. \$1.00; ¼ lb. \$3.00; lb. \$10.00.

Bicolor

3361 FORDHOOK PINK AND WHITE A great favorite for greenhouse culture, having a bright rosy pink standard with creamy white wings, lightly suffused rose. Pkt. 10 cts.; oz. 60 cts.; ¼ lb. \$1.80; lb. \$6.00.

Mixed

3400 SUNRISE MIXTURE We have taken care to determine the right proportion of the different colors to produce the most harmonious and pleasing effect. Pkt. 10 cts.; oz. 45 cts.; ¼ lb. \$1.35; lb. \$4.50.

BURPEE'S FLOWER SEEDS

Many of our customers delight in raising flowers in the house during winter time and for early spring blooming. Any bright window in a fairly warm room is suitable and quite often the kitchen window can be used to start the plants which later are to go into the other rooms. A few of the annuals can also be sown outdoors any time during July and will still give a good display of blooms in the garden during the fall months.

Ageratum This grows very quickly and is easily raised in pots for winter blooming. The plants make a compact growth and are well suited for beds or borders outdoors.

Ageratum,
Tom Thumb, Blue

1508 MEXICANUM, TOM THUMB, BLUE Compact little bushes 9 to 12 inches tall, covered with a mass of light blue flowers. Pkt. 10 cts.; 1/4 oz. 25 cts.

Perennial Flower Seeds

The permanency of the perennial garden is only one of its desirable features. Excepting the Dutch bulbs, we find the earliest blooming flowers among the perennials. They require but little attention and respond generously to increased care and thorough cultivation. After once being established, they will not only last many years but will also increase in beauty with every season. In order to have plants large enough to bloom next spring, the seeds should be sown NOW. Any time during July or August will be all right.

Ask for a free copy of the Burpee Leaflet, "Perennials from Seed," which gives detailed instructions on how to plant and the care of the perennial bed.

Aquilegia (*Columbine*) 3714 **CÆRULEA** (The Rocky Mountain Columbine) This most showy perennial blooms freely during May and June and is valuable as a cut-flower. The long-spurred blooms are blue and white. Pkt. 15 cts.; 2 pkts. for 25 cts.

3716 **LONG-SPURRED HYBRIDS** This variety has flowers of extra-large size, ranging from pure white and yellow to deep blue, through all intermediate shades, with combinations of white and yellow, white and blue, etc. Blooms during June. Pkt. 15 cts.; 2 pkts. for 25 cts.; ¼ oz. 50 cts.

Arabis 3720 **ALPINA** This is one of the earliest perennials to come into bloom, making large tufts of rich green foliage covered with pure white flowers. Excellent for beds, borders or rockeries. Pkt. 10 cts.; ¼ oz. 35 cts.

Bellis (*Double English Daisy*) These Daisies are indispensable for cool, shady places. They bloom early in the spring and are fine for beds or borders.

3724 **LONGFELLOW** Extra-large double flowers of a rich dark rose. They bloom freely and will last almost all the year round where the weather stays cool. Pkt. 15 cts.; 2 pkts. for 25 cts.

Aquilegia Cærulea

3725 **SNOWBALL** This fine variety has large, pure white flowers which are always fully double. Very free flowering. Pkt. 15 cts.; 2 pkts. for 25 cts.

3727 **DOUBLE QUILED, MIXED** Our mixture contains many shades, ranging from pure white to deep rose. The plants have been selected for large flowers and free-blooming quality. Pkt. 15 cts.; 2 pkts. for 25 cts.

Boston Ivy 3708 (*Ampelopsis Veitchii*) This is the favorite hardy climber, the foliage of which turns to a beautiful deep red during the fall. It is fine for walls, on which it will climb without support. Pkt. 10 cts.; ½ oz. 35 cts.

Campanula (*Bell Flowers*) Easily grown in any garden and gives a fine effect in borders or beds. The flowers last quite some time in water and look very attractive in bouquets.

3733 **SINGLE MIXED** The flowers are large and of a typical bell shape. They come in pink, rose, blue, purple, and also pure white. Blooms during June. Pkt. 10 cts.; ¼ oz. 35 cts.

3741 **CALYCANTHEMA, MIXED** This is the Cup-and-Saucer Canterbury Bell. Our mixture contains blue, rose, and white in the proper proportions. Pkt. 15 cts.; 2 pkts. for 25 cts.

Delphinium 3772 **BELLADONNA SEEDLINGS** Long spikes closely set with pretty clear blue flowers having a white center. There are also some plants with slightly darker and somewhat lighter flowers. Grows 4 feet high and blooms during May and June. Pkt. 15 cts.; 2 pkts. for 25 cts.; ¼ oz. 75 cts.

Foxglove (*Digitalis*) 3787 **FINE MIXED** Spikes 4 feet in height closely set with good-sized flowers. Blooms during May and June. Pkt. 10 cts.; 3 pkts. for 25 cts.; ¼ oz. 50 cts.

3789 **WHITE** A most handsome variety with pure white flowers. Pkt. 15 cts.; 2 pkts. for 25 cts.; ¼ oz. 50 cts.

Double Hollyhocks The magnificent long spikes grow over 5 feet tall and they are closely set with large double flowers, measuring 3 to 4 inches across.

3814 **LIGHT PINK** A delicate shade of pink.

3815 **MAROON** A pretty dark maroon shade.

3816 **ROSE** A beautiful and pure shade of rich rose.

3817 **SCARLET** This is the brightest of all colors.

3818 **YELLOW** A soft pleasing shade of rich yellow.

3819 **WHITE** Pure, and of a wax-like texture.

Any of the above:

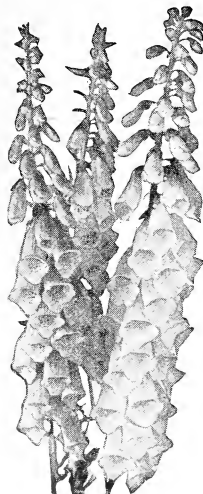

Pkt. 15 cts.; 2 pkts. for 25 cts.; ¼ oz. 50 cts.

Hollyhocks

3706 Gold Dust (*Alyssum saxatile*) A dwarf-growing, spreading plant with myriads of small golden yellow flowers borne on small spikes. Early in the spring the whole bed is a beautiful sight of rich yellow. Fine for borders or rockwork. Pkt. 10 cts.; $\frac{1}{4}$ oz. 35 cts.

Hibiscus 3812 GIANT MALLOW MARVELS Few perennials make such a fine show as the spikes gigantic flowers, ranging from pure white to rich crimson through all intermediate shades of pink and rose. The plants bloom profusely from June until late in the fall and are very effective for the background or among dwarf-growing shrubs. Pkt. 10 cts.; 3 pkts. for 25 cts.; oz. 60 cts.

Lathyrus (Perennial Peas) These perennial peas, although lacking fragrance, are very valuable because they will last almost indefinitely. The vines grow vigorously, often from 8 to 10 feet long, and bear a mass of flowers throughout the summer.

Perennial Flax

3837 GIANT WHITE PEARL This bears large clusters of beautiful pearly white flowers. The foliage is rich green and forms a sharp contrast to the blooms. It grows vigorously and blooms profusely way into the fall. Pkt. 15 cts.; 2 pkts. for 25 cts.; $\frac{1}{4}$ oz. 50 cts.

3833 PINK BEAUTY This is a fine counterpart to Giant White Pearl, with its large clusters of rich rose-pink flowers. It makes a tremendous growth in rich moist soil. Pkt. 10 cts.; 3 pkts. for 25 cts.; $\frac{1}{4}$ oz. 40 cts.

3839 MIXED A well-composed mixture containing white and various shades of pink, red, and purple. Pkt. 10 cts.; 3 pkts. for 25 cts.; oz. 70 cts.

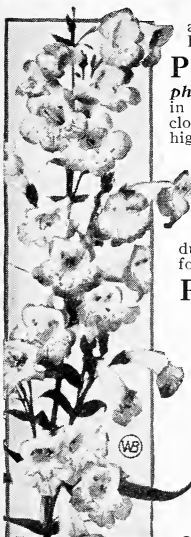

Lupines The perennial Lupines are now extensively grown in the perennial beds on account of their showy display and also for cut-flowers. They are easily grown and bloom during June and July.

3844 WHITE Beautiful pure white flowers borne in great profusion on long stalks. Pkt. 10 cts.; 3 pkts. for 25 cts.; oz. 50 cts.

3844a ROSE This is a very fine shade of rich rose. Pkt. 10 cts.; 3 pkts. for 25 cts.; oz. 50 cts.
3845 BLUE This color combines well with the above two. They are a rich bright blue and lend themselves well for all kinds of decoration. Pkt. 10 cts.; 3 pkts. for 25 cts.; oz. 50 cts.

Oriental Poppy 3851 (Papaver Orientale) All of us are acquainted with this showy flower. The foliage is large, of a rich green, and is covered with long hairs, giving it a toasty-like appearance. The graceful deep red flowers are borne during June and July. They are carried above the foliage and bring life and gaiety to the perennial border. The plants grow 3 feet high. Pkt. 10 cts.; 3 pkts. for 25 cts.; $\frac{1}{4}$ oz. 40 cts.

Pentstemon 3854 GIANT FLORADALE Produces extra-large flower spikes in many beautiful shades. The flowers average $1\frac{1}{2}$ inches in diameter and the spikes grow about 18 inches long. Height, 3 feet. Pkt. 20 cts.; 3 pkts. for 50 cts.

Pentstemon—
Giant Floradale

Perennial Baby's Breath 3807 (Gypsophila paniculata) The tiny white flowers are borne in myriads on such slender stems that they appear as clouds floating in the air. The plants grow 3 to 4 feet high and bloom profusely from July on. Pkt. 10 cts.; 3 pkts. for 25 cts.; $\frac{1}{4}$ oz. 50 cts.

Perennial Candytuft 3829 (Iberis sempervirens) An excellent perennial for beds, borders, or for cutting. The pure white flowers are borne profusely in early spring. Vegetable Seeds for Fall Planting

The wide-awake gardener realizes the profit fall plantings yield him. Instead of leaving the ground idle after the early vegetables are harvested, it should be used for a succession sowing to produce fresh vegetables for fall use or for winter storing. A cellar full of stored vegetables is a good investment, and the green vegetables usually grow so much better during cool fall weather. Ask for the Burpee Leaflet, "How To Grow and Store Vegetables for Winter Use." We also have a free Leaflet on "Chinese Cabbage," giving culture and cooking recipes.

Bush Bean,
Burpee's
